FERS are undertaking a survey for breeding Curlew in Co. Mayo. The optimum means of locating nests is ask the custodians of the landscape - the farmers. When we know where the breeding Curlew are, we will inform the DAFM, and the farms with breeding Curlew on them will be prioritised for entry into the **voluntary Agri-Environment Scheme, GLAS.** We hope that GLAS will bring an additional income to farmers, to keep both the farmers and the birds on the land. In the Gospel today: Jesus left and returned to his hometown with his disciples. The next Sabbath he taught in the Jewish meeting place.

Many of the people who heard him were amazed and asked, "How can he do all this? Where did he get such wisdom and the power to work these miracles? Isn't he the carpenter, the son of Mary? Aren't James, Joseph, Judas, and Simon his brothers? Don't his sisters still live here in our town?"

The people were very unhappy because of what he was doing. But Jesus said, "Prophets are honoured by everyone, except the people of their hometown and their relatives and their own family."

Jesus could not work any miracles there, except to heal a few sick people by placing his hands on them. He was surprised that the people did not have any faith.

which in time will heal,
love creates memories
which death cannot steal.*
