### The five finger Prayer

1. The thumb is the closest finger to you. So start praying for those who are closest to you. They are the persons easiest to remember.
2. The next finger is the index. Pray for those who teach you, instruct you and heal you. They need the support and wisdom to show direction to others.
3. The following finger is the tallest. It reminds us of our leaders, the governors and those who have authority.
4. The fourth finger is the ring finger. Even though it may surprise you, it is our weakest finger. It should remind us to pray for the weakest, the sick or those plagued by problems.
5. And finally we have our smallest finger. Your pinkie should remind you to pray for yourself. When you are done praying for the other four groups, you will be able to pray for your own needs in a better way.
