

### Irishtown Community Futures (initiative by Mayo County Council)

Following on from a very informative meeting on Tuesday of this week a further meeting will take place in Irishtown Community Centre on Tuesday Feb 13th at 8pm.

This is an exciting initiative for Irishtown Community, and it is hoped that as many people as possible from the Irishtown community will attend on Tuesday Feb 13th to have their say and put forward their ideas and vision for the future of Irishtown. A Coordinator from Mayo Community Futures will be in attendance. Mayo Community Futures is a bottom-up, community-led process which assists communities to put together a 5 - year Community Action Plans to identify the projects that the community as a whole think are most important for the future of their area. It allows all members of the community opportunities to put forward their views and visions for the future. It is designed to involve people in thinking about and discussing the future of their community and consequently getting involved in community projects which enhance their communities.
